Onwards HR

NEW TRANSITION HUB

A better way forward starts here.

One place for everything that comes next.

Transition Hub gives employees and alumni a single place for all information and documents related to a workforce transition. For those eligible for rehire or redeployment, it keeps them connected to your organization and aware of open roles they can apply for.

30%

of employees laid off due to AI will need to be rehired by 2029, often at a significantly higher cost.

Source: Gartner, September 2026

Everything in One Place

Employees and alumni can find transition details and every related document in one hub, instead of searching inboxes.

A More Compassionate Experience

Give people clarity on what comes next, so they spend less time chasing answers and more time moving forward.

Rehire & Redeployment Ready

Stay connected with eligible alumni and make them aware of open roles, so you can bring back proven talent.

What It Means for You

Exploring Onwards HR?

"Turn every workforce transition into a lasting talent connection."

Already a customer?

"Extend Onwards HR beyond the exit to the alumni you may want back."
